# Those Who Can't Teach Inspire

Teachers need gratitude and inspiration more than ever, especially with the funding and other roadblocks that many of them face on a daily basis. The Teacher Notebook Set from Christian Art Gifts reminds those at the front of the classroom why they do what they do and keeps them encouraged. The various designs can be designated to different subjects or classes for note keeping or serve as a personal journal. Either way, the notebooks are an A+ way to make a favorite teacher feel appreciated. —*T.L.*
