Good Vibes in the Nick of Time

Gifts in a pinch can be just as thoughtful as those that have been planned for weeks, and one that brings relaxation with it is a no-brainer. The Aroma Bracelet Kit from Fashion Angels allows consumers to create their own infused aroma bracelets with as much personalization as possible for a handcrafted piece of jewelry with calming lavender, jasmine or rose scents. The kit can be a gift for anyone, whether it's a coworker or friend, and represents the Fashion Angels mission to empower individuals through experiences that encourage them to believe in themselves. —*T.L.*
